

GitLab Backlog

As we had to build an application from scratch, the initial and main 2 issues were the following:

- Understanding Project ✓
- Requirement Specification ✓
- Learn and Practice App Dev ✓

As the mobile app is from scratch we had to make more commits than there were issues.

To further show the progress made around the time, here are some of the **Commits**:

 Added Images for the Therapy Types Talib Sid authored 1 month ago	69935b98		
06 Mar, 2023 3 commits			
 Navbar Corrections Talib Sid authored 1 month ago	afa1d47d
